"We've taken several excursions on the *Woodwind* and enjoyed it immensely, so I decided to hire both *Woodwinds* for an all day team building experience for my company. It was without a doubt one of the most pleasurable experiences we've had as a group. The crew was knowledgeable and great teachers...but most of all we had the fun of our lives!"

- Drew Stoken, MD, Stoken Ophthalmology

THE WOODWIND "FAMILY"

Woodwind's owners, Captain Ken and Ellen Kaye, plus their daughter, Captain Jennifer, have fulfilled a dream of someday owning a schooner to share with guests, their love of sailing. They had these handsome vessels custom designed and built based on more than 25 years of sailing experience. The entire crew is selected for their friendliness, knowledge, and enthusiasm to make your cruise a truly "special event."
